

ARYA PARAB

MP Road, Mumbai, Maharashtra 400081

+91 8591163695 anparab_b24@ee.vjti.ac.in linkedin.com/in/arya-parab-0a7418329

Education

VJTI June 2024 – current
Bachelor of Technology in Electrical Engineering Mumbai

IDUBS Junior college Sep. 2022 – May 2024
HSC board Mumbai, Maharashtra

IES Sep. 2017 – May 2022
SSC, Board Mumbai, Maharashtra

Relevant Coursework

- Circuit Analysis
- AC/DC Machines
- Signals and Systems
- Digital Circuits
- Robotics
- C++ Programming
- MATLAB

Projects

Fault Detection in Induction Motors | *MATLAB, Simulink* January 2026 – Present

- Developing an algorithm for predictive maintenance and real-time fault detection of induction motors.
- Utilizing MATLAB for data simulation and system analysis to identify mechanical and electrical irregularities.

Handwritten Digit Classification | *Python, NumPy, Kaggle* December 2025

- Designed and implemented a custom-built 3-layer neural network from scratch for digit classification.
- Optimized network performance using Kaggle datasets to achieve high accuracy in character recognition.

Badminton Biomechanics Analysis | *Python, OpenCV (In Progress)* April 2026 – Present

- Exploring the application of computer vision to track athlete movement and optimize stroke mechanics.
- Utilizing OpenCV library to learn basic motion tracking and pose estimation techniques.
- Aiming to bridge the gap between professional athletic training and engineering analysis.

Technical Skills

Languages: Python (OpenCV, NumPy), C/C++, MATLAB
Developer Tools: Simulink, Simscape, Multibody Simulation, VS Code, Arduino IDE
Hardware/Core: Circuit Analysis, Digital Circuits, AC/DC Machines
Certifications: Signal Processing Onramp, Simscape Onramp, Introduction to Motor Control

Extracurricular Achievements

Rudrani Academy May 2025 – Present
Professional Badminton Player Mumbai, Maharashtra

- * Train professionally three times a week, maintaining a high-performance regimen alongside engineering studies.
- * Actively competing in state-level tournaments, demonstrating discipline and time-management skills.
- * Apply technical understanding of equipment, including specialized racket tensioning (Aerobite 26/24 lbs), to optimize play style.
